Top Gun double pontoon bimini top 19'L x 8'W 1.25" Alu/SS (199654-P2AS-02-L)

Product description

Need some shade! This outstanding double bimini top is handcrafted with the UV resistant Top Gun fabric to protect you from the elements.

Our exclusive heavy-duty 1.25" square anodized aluminum frames and stainless steel hardware ensures long life and durability no matter the environment. These frames are the strongest in the industry! The stainless steel deck mounts allows you to either mount it on and 1" or 1.25" square railing.

Zippers are added to the canvas bow pockets, which securely holds the top to the frame and allows fast installation and removal.

Both sections fold up and store in matching storage boots when not in use. Comes very well equipped with amazing exclusive features, and great optional accessories are available should you wish to customize this beauty even more.

This popular double pontoon bimini top combines strength and functionality and promises years of enjoyment.

Dimensions:

- Length : 19'
